Change of name, address or ownership

If you have moved house, changed your details or purchased a pre-owned GMSV we'd like to hear from you! GMSV uses your details to keep your vehicle's factory provided Roadside Assistance and Warranty details up to date. It also helps us notify you of any outstanding rework action on your vehicle.

To update your details, please contact GMSV via email **gmsvcare@gm.com** or via phone on the following toll-free numbers:

Australia: **1800 00 GMSV (4678)**
New Zealand: **0800 GMSV00 (467800)**

GM is collecting the new owner's personal information in order to process the request for transfer for the specified vehicle. We may disclose your personal information to our related companies and third parties who provide us with (or help us provide) products and services, including to overseas locations such as the USA, and other countries in Europe, Oceania and Asia. GM's privacy policy is available at www.gmspecialtyvehicles.com/privacypolicy

Congratulations on the purchase of your new Corvette

GMSV is dedicated to ensuring a safe and enjoyable journey for all Corvette owners.

With the convenience of a nationwide network of dealerships, all of which subscribe to globally recognised GM standards of excellence, there is always a GMSV Dealer close by.

When you service your Corvette at a GMSV Dealer or Authorised Service Outlet, your vehicle will be cared for by a GMSV expert with extensive model knowledge to make sure your Corvette is fixed right the first time, keeping you on the road.

Only GMSV Dealers and Authorised Service Outlets have access to specialist diagnostic equipment and factory training to make sure your Corvette is running as it should.

GMSV Warranty Terms and Conditions

Part One: Legal Terms and Conditions

1. Provision of Warranty

GMSV give the Warranty to Customers in respect of the Vehicle, who may claim on the Warranty during the Warranty Period in accordance with these Terms.

1A. GMSV Warranty Application – Australia

The provisions in this section 1A only apply if the Vehicle is supplied to a Customer in Australia.

The Warranty is given in respect of the Vehicle by General Motors Australia and New Zealand Pty Ltd, ABN 84 006 893 232, ('GMSV').

The details of GMSV are as follows:

Address:

80 Turner Street Port Melbourne,
Victoria 3207

Telephone:

1800 00 GMSV (1800 00 4678)

email:

gmsvcare@gm.com

This Warranty does not apply if the Vehicle is exported or operated outside Australia (or to any other GMSV vehicle which is exported or operated outside Australia).

Similarly, the Warranty does not apply to any GMSV vehicle which is purchased overseas and imported into Australia.

1B. GMSV Warranty Application – New Zealand

The provisions in this section 1B only apply if the Vehicle is supplied to a Customer in New Zealand.

The Warranty is given in respect of the Vehicle by General Motors New Zealand Limited, (NZ Business Number 9429040971896), ('GMSV').

The details of GMSV are as follows.

Address:

501 Karangahape Rd, Auckland
CBD, 1010 New Zealand

Telephone:

0800 GMSV 00 (0800 4678 00)

email:

gmsvcare@gm.com

This Warranty does not apply if the Vehicle is exported and operated outside New Zealand (or to any other GMSV vehicle which is exported or operated outside New Zealand).

Similarly, the Warranty does not apply to any GMSV vehicle which is purchased overseas and imported into New Zealand.

The benefits conferred by the Warranty are in addition to other rights and remedies available to you under consumer protection laws (including those under the Consumer Guarantees Act 1993), which cannot be excluded or limited (referred to as Statutory Rights). The Warranty in no way limits or restricts your rights or remedies under such Statutory Rights.

Your rights under Australian or New Zealand consumer law

Under Australian and New Zealand law, when you buy products and services, they come with automatic guarantees that they will work and do what you asked for, under what is referred to as consumer guarantee rights.

If something goes wrong with your new car, you may be entitled to a remedy under the consumer guarantees as well as the manufacturer's warranty or any extended warranty you might have.

Consumer guarantees are your automatic rights under the Australian Consumer Law in Australia or the Consumer Guarantees Act in New Zealand that cannot be restricted or excluded.

Manufacturers and dealers must honour your consumer guarantee rights regardless of any commercial warranties they give to you or sell you. For example, your consumer guarantee rights may protect you if your car experiences a major failure after a warranty has expired.

You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

2. Definitions

2.1

In these Terms:

- (1) Business Day means a day that is not a Saturday, Sunday or any other day which is a public holiday or a bank holiday in the place where an act is to be performed or a payment is to be made;
- (2) Customer means the original and any subsequent owners of the Vehicle (except where such person acquired the Vehicle for the purposes of resale or resupply);
- (3) Maintenance Schedule means any schedule for servicing the Vehicle or performing other maintenance of the Vehicle;

- (4) Owner's Manual means any owner's or operator's manual or similar document that is provided with the Vehicle or otherwise made available to the Customer in relation to the Vehicle;
- (5) Terms means these Warranty terms and conditions, and any schedule and annexure to the same;
- (6) Vehicle means the GMSV vehicle identified on the inside front cover of this Service and Warranty Booklet;
- (7) Warranty means the express warranty against defects which GMSV gives in respect of the Vehicle on these Terms, as described in clause 3 and subject to any exclusions or restrictions set out in clause 10 and generally in these Terms; and

- (8) Warranty Period means the period of time during which a warranty given under these Terms is valid and may be claimed by the Customer, as described in clause 5.

3. Warranty Scope

3.1

By giving the Warranty, GMSV expressly warrants that the Vehicle will be free of defects arising from any manufacturing defect to materials, machining or factory workmanship for the duration of the applicable Warranty Period, and otherwise subject to any exclusions or restrictions set out in these Terms.

3.2

Notwithstanding clause 3.1 and 5, in relation to the following parts, components or elements of the Vehicle specified in the first column of the following table (Parts warranty), GMSV only gives the warranty described in clause 3.1 for the respective warranty period specified in the second column of the following table, and otherwise subject to and conditional upon the terms and conditions set out in these Terms that apply to the Warranty (including, but not limited to, clauses 6, 7, 8, 9, and 10).

Parts warranty

Vehicle Parts	Warranty Period
12-volt batteries	Warranted until the earlier of: (a) 3 years after the date of first registration of the Vehicle; or (b) the Vehicle having travelled 100,000 km.
Electric vehicle propulsion battery packs and related internal components ^{*1}	Warranted until the earlier of: (a) 8 years after the date of first registration of the Vehicle; or (b) the Vehicle having travelled 160,000 km.
Tyres supplied with the Vehicle ^{*2}	Warranted until the earlier of 3 years or 100,000 km after the date of first registration of the Vehicle; as set out in clause 5.2.
Keyless entry batteries (or other remote transmitter/receiver batteries) ^{*3}	Warranted until 12 months after the date of first registration of the Vehicle.
Bulbs ^{*3}	

Notes:

*1: Like all batteries, the amount of energy the high voltage propulsion battery can store will decrease with time and distance driven.

Like all batteries, the amount of energy the high voltage propulsion battery can store will decrease with time and distance driven.

GMSV has a network of certified repairers who are trained to perform repairs on electric vehicle battery packs. If the electric vehicle propulsion battery requires service due to a defect in materials or workmanship, GMSV will either repair or replace the electric vehicle propulsion battery with new or refurbished components at GMSV's discretion.

*2: Normal tyre wear and tear, or wear-out is not considered a defect, and it may occur before this Parts Warranty expires. In this case, the Customer will be responsible for purchasing replacement tyres.

*3: Any replacement of these items after the 12-month warranty period is considered maintenance and not covered under this Parts Warranty.

4. Warranty Claims

4.1

To make a claim on the Warranty during the Warranty Period, the Customer, immediately, or as soon as practicable becoming aware of a defect which is covered by the Warranty must:

- (1) Contact the selling GMSV Dealer or any other authorised GMSV Dealer.
- (2) Immediately cease using the Vehicle if:
 - (a) there is a reasonable likelihood of further damage to the Vehicle (or any part, component or element thereof); or
 - (b) the safe operation of the Vehicle would be jeopardised by continued use.

8 Warranty Information

- (3) Make the Vehicle available at the Customer's expense to the GMSV Dealer for inspection (noting that towing is available, refer to FAQs).

4.2

If the Customer makes a claim on the Warranty in accordance with the process outlined above, GMSV will:

- (1) Review the validity of the Warranty claim and the Customer's eligibility to make a Warranty claim;
- (2) If GMSV grants the claim on the Warranty, GMSV will or will procure the:
 - (a) repair; or
 - (b) replacement, of the defective parts, components or elements of the Vehicle to the extent necessary to remedy the defect.

4.3

Once the defect is remedied as above, GMSV will make the Vehicle available for collection by the Customer (the Customer shall bear all costs they incur in collecting the Vehicle).

4.4

Any defective parts or defective components or elements of the parts which are removed or replaced by GMSV pursuant to the above become the property of GMSV and will be retained by GMSV.

4.5

Any parts or components which are installed in or added to the Vehicle by GMSV in the performance of its obligations under this clause 4 are warranted by GMSV on the same terms as in this Warranty, but only for the remainder of the Warranty Period applicable to the Vehicle.

5. GMSV Warranty Period

5.1

The coverage under the Warranty commences from the date of first registration of the Vehicle by GMSV or its authorised representative.

In the case of a demonstrator vehicle, the warranty period starts from the date the vehicle was first registered by GMSV or its authorised representative (except in Western Australia, where the warranty commencement date begins from the purchase date of the vehicle).

5.2

Other than as set out in clause 3.2, the Warranty expires on the date which is the earlier of:

- (a) the date which is 3 years after the start of the Warranty Period; or
- (b) the date on which the Vehicle has travelled 100,000 km.

6. No Charge

6.1

Warranty work performed under the Warranty (including parts and labour) will be carried out at no cost to the Customer.

6.2

The Customer shall bear all other costs of and incidental to any claim on the Warranty including, but not limited to any costs associated with delivering the Equipment to, or collecting the Equipment from, GMSV or its authorised representatives.

7. Limitation of Liability

To the maximum extent permitted by law, GMSV and its authorised representatives hereby exclude all liability for any direct, indirect or contingent loss or damage (including consequential loss) howsoever arising from any breach of this

Warranty or any conduct of GMSV or any authorised representative pursuant to these Terms.

This includes, but is not limited to, any liability or claim for:

- (1) injury or damage to any person or any property;
- (2) any loss or costs associated with renting a substitute vehicle;
- (3) any loss or costs (including labour costs) incurred as a consequence of any damage or breakdown of the Vehicle; or
- (4) any loss or costs incurred as a consequence of any delay in the Vehicle being repaired or replaced under this Warranty.

8. Severability

If any provision in these Terms is unenforceable, illegal or void, or makes these Terms or the Warranty (or any part thereof) unenforceable, illegal or void, then that provision is to be read down (or otherwise

severed) to the minimum extent necessary to render it enforceable, legal and valid, and the rest of these Terms shall otherwise remain in full force and effect.

9. Unauthorised Statements in Relation to GMSV Products

No person or company is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance, characteristics, descriptions or fitness for any purpose of any GMSV product or in connection with the supply of any GMSV product, which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by GMSV in its published sales literature, and GMSV does not accept any responsibility for such unauthorised action.

10. Warranty Limitations and Exclusions

10.1

The Warranty is void, and no claim may be made on the Warranty, if:

- (1) the odometer of the Vehicle has had its reading altered;
- (2) the distance the Vehicle has travelled cannot be determined; or
- (3) the Vehicle has currently or previously been titled as salvaged, scrapped, written-off or otherwise considered a total loss.

10.2

Damage due to accident, misuse or alteration.

Notwithstanding anything to the contrary in these Terms, the Warranty does not apply in respect of damage to the Vehicle caused by:

- (1) collision, fire, theft, vandalism, or moving objects striking the Vehicle (including inside the Vehicle);
- (2) misuse or abuse of the vehicle such as by racing, rallying, overloading, etc. or neglect. Proper vehicle set-up and break-in periods must be completed as per the guidelines set out in the Owner's Manual.
- (3) operation of the Vehicle after a defect is known (or reasonably ought to be known);
- (4) failure to carry out scheduled maintenance services or the use of incorrect types and grades of lubricants (as specified in the Owner's Manual or this Service and Warranty Booklet);
- (5) the Vehicle (or any part, component or element of the Vehicle) being altered, modified, or tampered with, including, but not limited to, the body of the Vehicle, its chassis, driveline, software, or any other components after final assembly by GMSV;
- (6) the fitting of parts or accessories not recommended by GMSV;
- (7) water (including high-pressure and steam) or fluid contamination;
- (8) atmospheric fallout, hail, floods, windstorms, lightning, salt, and other environmental conditions;
- (9) alteration of glass parts by application of tinting films; and
- (10) any work carried out on the Vehicle:
 - (a) by anyone who is not qualified;
 - (b) that does not align with the GMSV specifications and instructions; or
 - (c) that does not use GMSV recommended parts where required.

10.3

Damage or corrosion due to environment, chemical treatments, or aftermarket products.

The Warranty does not apply in respect of damage to the Vehicle caused by airborne fallout, rail dust, salt from sea air, salt or other materials used to control road conditions, chemicals, tree sap, stones, hail, earthquake, water or flood, windstorm, lightning, the application of chemicals or sealants subsequent to manufacture, etc.

10.4

Damage due to insufficient or improper maintenance.

The Warranty does not apply to damage to the Vehicle caused by the Vehicle not receiving sufficient and proper maintenance and servicing which are required as part of normal vehicle maintenance, including services such as brake adjustment, brake replacement, replacement of

filters, wiper rubbers, maintaining proper fluids, or maintaining fluids between recommended intervals etc. Refer to the Maintenance Schedule in this Service and Warranty Booklet.

10.5

Damage due to impact, use or the environment.

- (1) The Warranty does not apply in respect of any damage (including cracks, chips, scratches, dents, dings and punctures, or tears) to:
 - (a) the windshield or glass of the Vehicle which is caused due to the Vehicle colliding or impacting with any other object or road hazard;
 - (b) the lights, lenses, mirrors, paint, grille, mouldings, or trim of the Vehicle which is caused by the Vehicle colliding or impacting with any other object or road hazard; or

- (c) a driver information display in the Vehicle which is caused by a collision or impact from any object.

10.6

Third party externally connected electrical products.

The Warranty does not apply to any damage to:

- (1) hardware or software of a third-party device that is connected to the Vehicle or its components;
- (2) the Vehicle which is caused by such third-party devices.

GMSV is not responsible for the quality or accuracy of any information, or service accessed through or from any third-party device or platform. GMSV is not responsible for any loss or damage to data or information made available in connection with the use of the Vehicle.

10.7

Maintenance and servicing.

- (1) All vehicles, including the Vehicle, require periodic maintenance.

Maintenance services, such as those detailed in this Service and Warranty Booklet, are at the owner's expense. Vehicle lubrication, cleaning, or polishing are not covered by the Warranty.

Failure of or damage to components requiring replacement or repair due to vehicle use, wear, exposure, or lack of maintenance is not covered.

- (2) For the avoidance of doubt, the Warranty only covers components when replacement or repair of these components is the result of a defect in material or workmanship.

10.8

Damage due to contaminated, improper or poor-quality fuel.

The Warranty does not apply to damage to the Vehicle caused by the use of incorrect fuel, water contamination, or poor fuel quality:

- (1) Lack of power, hesitation, stalling or failure to start.
- (2) Degraded functionality or consequential damage to critical exhaust emission components such as spark plugs, oxygen sensors and catalytic converter.

Part Two: ACCC Guidance

Just Bought a New Car?

Know your consumer rights

Congratulations on your new car!

For any consumer, this is a major—and exciting—purchase. Take a moment to read this information so you understand what your rights are in case you have a problem later.

Under Australian law, when you buy products and services, they come with automatic guarantees that they will work and do what you asked for, under what is referred to as Australia's consumer guarantee rights.

If something goes wrong with your new car, you may be entitled to a remedy under the consumer guarantees as well as the manufacturer's warranty or any extended warranty you might have.

Consumer guarantees

Your automatic rights under the Australian Consumer Law that cannot be restricted or excluded.

Manufacturer and extended warranties

Voluntary promises offered by the manufacturer, dealer or a third party that apply for a specified time and may add to your automatic rights under the Australian Consumer Law.

Manufacturers and dealers must honour your consumer guarantee rights regardless of any commercial warranties they give to you or sell you. For example, your consumer guarantee rights may protect you if your car experiences a major failure after a warranty has expired.

Consumer guarantees

Your statutory rights that cannot be replaced, limited or removed by any agreement, contract or warranty, or made subject to non-disclosure conditions.

They apply to new cars for an unspecified but reasonable time, and are subject to certain exceptions (e.g. if the reason for the damage is abnormal consumer use).

These rights include that your new car must:

- be of acceptable quality (including that it is safe, durable and free from defects)
- be fit for any purpose disclosed before the sale
- match the description provided or demo model
- have spare parts and repair facilities available.

These rights apply regardless of whether or not an independent operator services or repairs your car.

Manufacturer's warranty

This is a car manufacturer's promise about your new car and what they will do if something goes wrong.

It applies for a specified time from when you buy a new car.

It comes with conditions that limit the coverage and what you can claim for.

It typically allows you to choose your preferred repairer for service and repair, as long as the manufacturer's maintenance and servicing standards are met.

However some manufacturer warranties may require you to return to their dealer network for repairs claimed under warranties.

Extended warranty

You may be able to purchase an optional add-on extended warranty that is usually sold separately to the car.

It applies for a specified time once the manufacturer's warranty expires.

You may be able to purchase a manufacturer's extended warranty, which usually replicates and extends your existing warranty, or you may be able to purchase a dealer or third-party extended warranty.

You should make sure that the extended warranty provides value for money and benefits greater than what you automatically receive under the consumer guarantees. For example, some extended warranties contain restrictive terms and conditions, such as excluding certain parts, setting caps on claims or requiring you to use a nominated repairer.

If your new car fails to meet the consumer guarantees

If your car fails to meet a consumer guarantee, you have rights against whoever supplied you the car (e.g., the car dealer), and in some cases against the manufacturer. In particular, you are entitled to a repair, replacement or refund if your new car fails to meet the consumer guarantees.

The remedy you're entitled to, and who chooses the remedy, will depend on whether the failure is major or minor.

Major failures

This type of failure happens when:

- your car cannot be fixed, or it is too difficult to fix your car within a reasonable time (e.g., your car develops excessive jerking due to a manufacturing defect that cannot be repaired, or is too difficult to repair within a reasonable time)
- if, as a reasonable consumer who was fully aware of the nature and extent of the failure, you would not have bought the car (e.g., your car suddenly and unexpectedly loses power due to a manufacturing defect)
- the failure prevents you from using your car and it cannot be fixed in a reasonable time (e.g., your car is not drivable due to a manufacturing defect and is incapable of being repaired in a reasonable time)

- the failure creates an unsafe situation (e.g., your car has a fault that affects your ability to brake or steer the car easily).

Type of remedy

You can 'reject the car' (which typically requires you to return it) and choose between a repair, replacement, or refund. You should clearly advise the supplier that sold you the car (e.g., the car dealer) if you intend to reject it, and explain why – e.g., the car is not drivable, or the car was not repaired within a reasonable time, etc.

You may also be able to recover 'reasonably foreseeable' damages for any loss or damage you suffered from the supplier that sold you the car (e.g., the car dealer), or in some cases from the manufacturer.

Minor failures

This type of failure happens when your new car can be fixed, or the problem can be resolved, within a reasonable time (e.g., your car's engine develops a slight rattling noise that doesn't interfere with its ordinary operation and can be successfully repaired within a reasonable time).

Type of remedy

The supplier that sold you the car (e.g., the car dealer) can choose to repair or replace your new car, or to offer you a refund.

Any repairs must be done within a reasonable time and without charge.

However, you may choose the remedy if the repair is not done in a reasonable time.

In this case, you may request a free replacement or a refund.

You may also seek a repair elsewhere and be able to recover the costs, as well as any 'reasonably foreseeable' loss or damage you suffered as a result of the failure, from the supplier that sold you the car (e.g., the car dealer), or in some cases from the manufacturer.

More information

Part Three: GMSV Warranty Questions and Answers

This section is designed to assist you to understand the GMSV Warranty provided with your new vehicle which is in addition to your statutory rights which cannot be excluded, limited, or restricted by this GMSV Warranty.

Q 1. *How do I go about obtaining GMSV Warranty service?*

It is the responsibility of the selling Dealer to provide GMSV Warranty service, therefore, you should take your vehicle to the selling Dealer whenever GMSV Warranty service is needed.

However, if this is not possible, you may go to any other Authorised GMSV Dealer.

The details recorded in the inside front cover of this Service and Warranty Booklet will be required by the Dealer.

Q 2. *What should I do if my vehicle becomes unsafe or inoperative as a result of a defect which is covered by the GMSV Warranty?*

We recommend you contact the nearest Authorised GMSV Dealer or GMSV Roadside Assistance as soon as possible, and arrange for that Dealer to carry out the required GMSV Warranty service.

Q 3. *What should I do if, in an emergency, GMSV Warranty service is required and an Authorised GMSV Dealer is not available to provide such service at the time?*

Subject to your statutory rights, if, in an emergency, a repair, replacement or adjustment (covered by the GMSV Warranty) is required to enable your vehicle to be operated safely and it is not practical for you to go to an

Authorised GMSV Dealer, the service (to the extent that it is necessary to enable your vehicle to be operated safely) may be performed by any other qualified mechanic or repairer.

A claim for the reasonable cost may be made under the GMSV Warranty through the Authorised GMSV Dealer who would normally provide you with GMSV Warranty service.

You must also take your vehicle to the Authorised GMSV Dealer for inspection of the service and / or completion of any required GMSV Warranty service, as soon as possible.

Note: During normal business hours, you should seek authorisation from your nearest Authorised GMSV Dealer or GMSV Customer Care, prior to repairs under your GMSV Warranty being commenced.

Q 4. *Is damage or injury, loss of time, inconvenience, commercial or other direct or indirect loss covered by the GMSV Warranty?*

No, these items are not covered under the GMSV Warranty. GMSV Warranty only covers the repair, replacement, or adjustment of those parts of your vehicle which are found to be defective in materials or workmanship.

No other types of claims for compensation of any kind, even if the same resulted from a consequence of a defect in materials or workmanship in your vehicle, will be recognised under the GMSV Warranty.

You may also have rights under your non-excludable statutory rights to claim compensation or other remedies outside of the GMSV Warranty.

Q 5. *Will I have to pay for maintenance costs during the GMSV Warranty Period?*

Maintenance costs are not covered by the GMSV Warranty. The Maintenance Schedule in this Service and Warranty Booklet specifies the minimum maintenance required for your vehicle operating under normal conditions.

Subject to your statutory rights, the Maintenance items (except where they are required as a result of defects in materials or workmanship) for which you will have to pay include:

- Engine tune-up
- Replacement of engine and other belts and hoses
- Cleaning or flushing of fuel, coolant, brake, engine, transmission, power steering, etc after 3,000 km
- Carbon and sludge removal

- Maintenance servicing of emission control system devices
- Any necessary adjustments to drive belts, transmission linkages, etc.
- Replacement of wiper blades
- Cleaning of brakes after 3,000 km
- Adding to (or replacing) lubricants
- Adding to (or replacing) air conditioning refrigerant after 3,000 km
- Wheel balancing after 3,000 km
- Wheel alignment
- De-dusting or de-glazing of brake linings or pads after 3,000 km
- Brake pad / lining wear or damaged brake components due to brake / pad lining wear
- Brake disc pad or disc wear
- Battery recharging

- Body panel adjustment after 3,000 km
- Paint, bright metal finish and trim, due to normal deterioration
- Door, or bonnet lock adjustments
- Glass or channel adjustments after 3,000 km
- Body rattles and squeaks after 3,000 km
- Chipped glass or breakage
- Torn or damaged floor mats or carpets
- Normal wear and tear to trim components

Q 6. *Will I have to pay for any costs or expenses in connection with the provision of a GMSV Warranty service?*

All parts and labour used in carrying out GMSV Warranty service at the premises of the servicing GMSV Dealer, are free of charge.

Whenever GMSV Warranty service is to be carried out by the servicing GMSV Dealer it is your responsibility to deliver your vehicle to the servicing GMSV Dealer's premises.

If, as a result of a defect which is covered by the GMSV Warranty, your vehicle cannot be driven safely and you arrange for the nearest Authorised GMSV Dealer to carry out the required GMSV Warranty service, GMSV will accept reasonable towing costs to move your vehicle to the nearest GMSV Dealer's premises.

Before employing a towing company, contact the nearest GMSV Dealer or GMSV Roadside Assistance Service or GMSV Customer Care to obtain guidance.

Q 7. *Would my vehicle's engine benefit from fuel additives, oil additives or coolant additives not marketed by GMSV?*

Your GMSV is engineered to perform at its optimum using GMSV recommended lubricants and fluids. The use of Supplemental additives is not recommended as their use not only increases operating costs, but may indeed be harmful to your vehicle.

Any negative impact or consequences due to the use of additives may affect the validity of your GMSV Warranty. Only the fluids and lubricants referred to in this Service and Warranty Booklet should be used.

Servicing

Distance / Time Based Service Intervals

The first scheduled maintenance service is due at 1 year or when the odometer reading reaches 12,000 km (whichever occurs first) from taking delivery of your vehicle. Thereafter, services are due every 1 year or 12,000 km (whichever occurs first).

Additional services may be required under certain driving conditions.

Determining the Correct Service Interval

The operating conditions of your vehicle will determine the service interval. Use the time interval or the odometer reading, whichever occurs first, to determine when the service is due.

It is important to remember that fluids in your vehicle will deteriorate over time.

Therefore, if your vehicle has not travelled the specified service interval distance, the vehicle must be serviced by time interval.

Under certain operating conditions, your GMSV may require additional servicing to ensure maximum safety, performance, and longevity.

The additional service requirements typically include more frequent replacement of lubricating oils, and the more frequent inspection of steering, suspension and brake system components.

For more information refer to the Maintenance Schedule in this Service and Warranty Booklet.

The vehicle may also indicate a service is required based on a number of factors including driving conditions, temperature, vehicle and engine/motor speed, etc.

A message will be displayed in the Driver Information Centre (DIC) as described below.

For further information also refer to "Vehicle Care" in the Corvette Owner's Manual.

Your GMSV Authorised Service Outlet will be able to determine the appropriate service requirements for your vehicle according to your operating conditions.

Engine Oil Life System

If 'Change Engine Oil Soon' is displayed in the Driver Information Centre (DIC), the engine oil and filter must be replaced within 1,000 km and the Engine Oil Life system reset. If the engine oil and filter replacement occurred outside a scheduled service record it on an Additional service coupon.

Note:

If 'Change Engine Oil Soon' is displayed in the DIC within 3,000 km of the next scheduled maintenance interval, the scheduled service should be performed, the engine oil and filter changed, and the Engine Oil Life system reset. Record on the applicable coupon stub.

Transmission Fluid Life System

If 'Change Transmission Fluid Soon' is displayed in the Driver Information Centre (DIC), change the transmission fluid within 1,000 km.

Reset the Transmission Fluid Life system.

The transmission fluid change should be recorded on an Additional service coupon.

Transmission Filter Life System

If 'Replace Transmission Oil Filter Soon' is displayed in the Driver Information Centre (DIC), the transmission canister filter should be replaced as soon as possible and before the indicator reaches 0%.

Reset the Transmission Filter Life system when the filter is replaced.

The transmission filter change should be recorded on an Additional service coupon.

Engine Air Filter Life System

If 'Replace At Next Oil Change' is displayed in the Driver Information Centre (DIC), the engine air filter must be replaced at the next service.

If a 'Replace Soon' is displayed, the engine air filter should be replaced at the earliest convenience.

Whenever the engine air filter is replaced, the Engine Air Filter Life system must be reset.

If the engine air filter replacement occurred outside a scheduled service record it on an Additional service coupon.

Brake Pad Life System

Vehicles with carbon ceramic brakes are equipped with brake pad wear sensors. When the brake pads require replacement, a message is displayed on the DIC. For further information, see 'Brake Pad Life System' in the Owner's Manual.

Service Coupons

Service coupons are provided further on in this Service and Warranty Booklet. When each service is performed, the appropriate coupon is removed to reveal the next coupon.

This reminds you when the next service is due.

After each service, check the service has been validated by the Service Outlet and, where applicable, the Authorised Service Outlet's stamp and signature is on the coupon stub.

This is important as it not only assists in the determination of GMSV Warranty claims but enhances the value of the vehicle when selling.

Additional Service Requirements

If you are driving your vehicle outside of the normal driving conditions, you may need to conduct additional servicing. Criteria for these additional services can be found in the Maintenance Schedule. Additional service coupons can be found further on in this Service and Warranty Booklet.

As a guide, if you operate your vehicle continually for a period of

one month or 1,000 km under any of the conditions listed, then additional services are recommended.

If you consider further servicing may be required, consult your Dealer.

Your GMSV Dealer

When it comes to service, remember that your GMSV Dealer has the trained personnel and specialised equipment to correctly service your vehicle. Your GMSV Dealer invites you to return for all your service needs both during and after the GMSV Warranty period.

The safety, economy, emission control, performance and reliability of your vehicle cannot be assured unless regular maintenance is performed, preferably by factory-trained technicians at GMSV Dealers.

GMSV Warranty and Service

Subject to your non-excludable statutory rights, all maintenance services listed in this Service and

Warranty Booklet, and replacement of service items, are the responsibility of the owner and as such are NOT considered under the provisions of the GMSV Warranty to be rectified of defective material and workmanship.

Items such as wheel alignment or any other items not listed in the Maintenance Schedule which may require servicing due to fair wear and tear are carried out at the Customer's cost.

Damage caused by failure to have proper maintenance services carried out in accordance with GMSV specifications may impact your GMSV Warranty.

As a result, it is strongly recommended that such services be carried out by a GMSV Dealer or Authorised Service Outlet and that you read the GMSV Warranty section previously in this Service and Warranty Booklet, so that you are aware of the GMSV Warranty exclusions.

Service Charges

Service Inclusions

Regular servicing includes all items listed in the standard maintenance schedule for normal operating conditions, as specified on the service coupon, including parts, labour, fluids and all applicable workshop charges.

Maintenance Repairs and Replacements

The owner is charged for the repair or replacement of any part found unserviceable during a service inspection and not covered by Warranty.

Where any deficiencies are noted, such items should be reported to the owner / operator and the additional work quoted and authorised.

Additives Not Recommended

Your GMSV is engineered to perform at its optimum using GMSV recommended lubricants and fluids. The use of supplemental additives is not recommended as their use not only increases operating costs, but may indeed be harmful to your vehicle.

Additional Service Charges

If additional service or maintenance work is required, the authorised GMSV dealer will discuss any additional costs with the customer prior to performing any such additional work.

- Engine oil and filter.... add 0.7 hour
- Spark plugs:
 - Stingray & E-Ray.. add 2.0 hour
 - Z06 add 3.0 hour
- Engine coolant add 2.6 hour
- RESS HV battery coolant (E-Ray) add 1.4 hour
- Engine air filter add 0.7 hour
- Brake fluid add 1.9 hour
- Power electronic coolant loop (E-Ray) add 1.6 hour
- Front lift fluid..... add 0.5 hour
- Transaxle canister filter add 0.3 hour
- Transaxle fluid..... add 1.4 hour
- Front hybrid drive unit fluid (E-Ray) add 0.9 hour
- Tyres are rotated add 0.2 hour
- Tyres are rotated and balanced..... add 0.7 hour
- Passenger compartment air filter (pollen filter).. add 0.3 hour

● Replace

▲ Tighten

○ Inspect:

Inspect and adjust, rotate, drain, lubricate, reset or clean as required. If repair or replacement is necessary, additional charges may apply.

-
- *1 If the vehicle is used for competition or track use, refer to 'Driving and Operating / Driving Information / Track Events and Competitive Driving' in the Corvette owner's manual for additional service requirements.
 - *2 If a Change Engine Oil Soon message is displayed, change the engine oil and oil filter within the next 1,000 km. Reset the engine oil life system in the DIC.
 - *3 Replace the engine coolant at 5 years or 240,000 km whichever occurs first.
 - *4 If the vehicle is operated in very dusty or sandy areas, clean and if necessary, replace the engine air filter every 12,000 km.
 - *5 If a 'Replace Engine Air Filter' message is displayed, replace the engine air filter as instructed. Reset the engine air filter life system in the DIC.
 - *6 Replace the transaxle canister filter at 12,000 km and then at every 36,000 km interval thereafter.
 - *7 If the transaxle canister filter is replaced more than 800 km before the initial 12,000 km service, the filter must still be replaced at 12,000 km.
 - *8 If the transmission assembly is replaced, recommence the transaxle canister filter and transmission fluid maintenance schedules, including at 12,000 km from when it was replaced.
 - *9 If a 'Replace Transmission Oil Filter Soon' message is displayed, replace the transaxle canister filter before the indicator reaches 0%. Reset the transmission filter life system in the DIC.
 - *10 Replace the transaxle fluid and canister filter at 3 years or 72,000 km whichever occurs first.
 - *11 If a 'Change Transmission Fluid Soon' message is displayed, change the transaxle fluid within the next 1,000 km. Reset the transmission fluid life system in the DIC.
 - *12 Your GMSV Dealer will assess the wear on your tyres and rotate depending upon their specification and current serviceability.
 - *13 Replace the passenger compartment air filter (pollen filter) at 2 years or 36,000 km whichever occurs first. If the vehicle is operated in very dusty or sandy areas, inspect the passenger compartment air filter (pollen filter) every year. Replace as required.
