

The Caddy

The Caddy

For whatever comes next

Image shown for illustrative purposes only and varies from standard specification. Caddy shown is a SWB Life variant (not available in Australia) with optional 18 Inch Alloy Wheels "Monterosso" Glossy Black, Silver Roof Rails, LED Main Headlamps with LED Separate Daytime Running Light and LED Rear Combination Lamps.

The Caddy.

Now completely revamped, with stellar improvements across the range.

Modern design.

Striking front end with honeycomb structure, dynamic, clear lines, and an array of improvements to achieve better efficiency.

One equipment line.

Keeping the essentials in mind with a range of options to suit your needs: The Caddy.

Perfect for everyday use.

Flexible vehicle interior with seating layout, with removeable double bench and single seat in second row, removable single seats in the third row and plenty of storage options.

Ultra-digital and closely integrated.

Crystal clear Digital Cockpit Pro and 10.4-inch high definition screen as standard with App-Connect~ integration

Premium driving comfort.

Comfortable seats with electric 4-way lumbar support for driver and front passenger, plus a very spacious interior.

Proven quality.

Durable materials, high-quality workmanship and reliable engines.

State-of-the-art driver assistance systems*.

The latest generation of driver assistance systems, including Adaptive Cruise Control¹, "Travel Assist" with "Emergency Assist"¹, Lane Change System "Side Assist", Blind Spot Monitoring, Rear Traffic Alert, "Front Assist" and Park Assist with front & rear Park Distance Control.

Improved Efficiency.

The Caddy is available with the latest TSI and TDI engines coupled along with a 7-speed DSG gearbox, providing an excellent and efficient driving experience.

* Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

~ App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, connection cable (sold separately).

1. Optional accessory, at extra cost for Caddy variant.

Fun, for everyone.

The Caddy is more versatile than ever before, making it perfect for sport & leisure, work, holidays, city shopping trips & weekend excursions. Meaning the end result is a vehicle which is ideal for everyday use, no matter the task or occasion.

Flexible as always. **More room than before.**

Time to stretch out. The Caddy is offered exclusively as the Maxi variant which is 353mm longer, so there's plenty more space for you, and more room for the little ones on those long journeys.

Space is a luxury you and your family shouldn't go without.

Open the two sliding rear doors and hop on board for the adventure of a lifetime. The Caddy is the perfect companion, adapting effortlessly to your daily life. The two single seats in the third row are able to be easily removed and the two-part bench seat in the second row can be easily folded down, double-folded, or even removed completely. In addition, the second row bench and the single seat can also be removed independently of each other. This leaves plenty of space for bulky purchases or even small items of furniture.

The image shows the front interior of a car. The dashboard is dark grey with a large, wide infotainment screen in the center. The screen displays a grid of colorful icons for various functions like Telephone, Radio/Media, Vehicle, App connect, Park, Standing Climate, Assistants, Setup, Driving Profile, and Seats. Below the screen are air vents and a control panel with buttons for climate and other functions. A person's hand is visible on the right, holding a smartphone over a wireless charging pad. The steering wheel is partially visible on the right side. The overall design is modern and minimalist.

Everything in view. **Easy functionality.**

Experience digital progress first-hand in the Caddy. The touch-sensitive displays recognise the same gestures as a smartphone, you can control navigation, multimedia functions and even control the air conditioning all on a single screen.

Enjoy a wealth of extras by supplementing the already impressive standard 26.4cm (10.4-inch) infotainment display and Digital Cockpit Pro, with wireless App-Connect~ as standard.

The high resolution 26.0cm (10.25-inch) Digital Cockpit Pro screen is perfect for displaying your current driving data or smartphone media library. Use buttons on the multifunction steering wheel to scroll conveniently through the playlist, select the next call via contact portraits, or activate individual driver assistance systems.

~App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, connection cable (sold separately).

01 Direct access button module. The module is arranged centrally around the hazard warning lights button and uses shortcuts for easy access to major functions such as driver assistance systems, air conditioning functions and parking assistance systems. | C |

02 Composition Audio radio system. This system offers a 25.4cm (10.4-inch) colour touch display, 6 loudspeakers, two USB-C ports in the centre console, Bluetooth® interface. It also includes App-connect-as standard. Factory integrated navigation is available as an option, "Discover Media". | C |

03 Digital Cockpit Pro. A full digital dashboard experience allowing personalisation of key functions and information. Customised views show data on audio, phone, consumptions and if optional, navigation. Display content can be adjusted using the steering wheel controls. | C |

Standard Optional extra | C | Caddy

 -App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, connection cable (sold separately).

Equipment Features.

01

01 Dual-clutch gearbox (DSG). The Caddy is fitted with an adaptive 7-speed dual-clutch gearbox. This enables fully automatic, smooth gear changes without interruption of tractive power, and it also adapts to the driver's driving style. You can also shift up and down using rocker switches on the steering wheel. | C |

02

02 Leather multifunction steering wheel. Pleasant to the touch and extremely user friendly. You can use the buttons to control features including the radio, navigation system, mobile phone, cruise control system and change gears via extra paddles for responsive gear changes. | C |

03

03 Folding tables in the passenger compartment. Folding tables are built into the front seat backrests. They provide a practical surface and an integrated drink holder for passengers in the second row of seats. | C |

04

04 Panoramic sunroof | C |

05

05 Electrically adjustable, power folding and heated exterior mirrors | C |

06

06 Roof storage gallery | C |

Climatronic two-zone air conditioning system incl. AirCare.

The fully automatic air conditioning system with allergen filter has several sensors and keeps the set temperature constant for the driver and front passenger. | C |

Equipment Features.

08

08 ergoComfort seat (AGR). The comfort seat, which has been certified as back-friendly by Aktion Gesunder Rücken (AGR) e.V.3), features a comprehensive range of settings designed to support the spine. In addition to adjustment of the seat length, seat height, seat depth, seat tilt, backrest and head restraint, the ergoComfort seat features electric 4-way lumbar support. | C |

09

09 Front, side, curtain and centre airbags. The Caddy is equipped with one front airbag for the driver and one for the passenger. Centre airbags prevent a collision between the driver and front passenger. And curtain airbags offer all passengers sitting on the outer seats protection in the event of a side-on collision. | C |

10

10 H7 twin halogen headlights | C |

11

11 LED headlights with daytime running lights | C |

12

12 Rear LED combination Lamps | C |

13

13 Electric power closing tailgate. Electric power closing is available for the boot lid. This function gently and quietly pulls the semi-closed tailgate the last few millimetres into the lock until it's engaged securely. | C |

14

14 Heat-insulating windows. Significantly reduces the heat in the vehicle interior. Privacy glass dark windows in the passenger compartment provide a high degree of privacy. | C |

15

15 Coat hook. The passenger compartment features two practical coat hooks for hanging up your clothing. | C |

Central locking system with Keyless Start. Rummaging around for your car key is a thing of the past. The automatic locking and starting system means the vehicle key can remain in your pocket when you want to open the doors and start the vehicle. | C |

The driving force.

Efficient TSI and TDI engines.

Whether on the highway, in the city, suburban roads or country, the Caddy can be ideally adapted to your driving profile.

With TSI and TDI engines of the next evolutionary stages, you will have no problem getting you and your family from A to B.

TSI Engine

1.5L TSI220 (85kW, 220Nm)

Front-wheel Drive

7-speed dual clutch gearbox DSG

Combined Fuel Consumption From 6.7L/100km**

TDI Engine

2.0L TDI320 (90kW, 320Nm)

Front-wheel Drive

7-speed dual clutch gearbox DSG

Average Fuel Consumption From 5.5L/100km**

More efficient engine. The two combustion engines of the Caddy are among the most efficient and economical TSI and TDI engines that have ever been installed in a Caddy.

Dual-clutch gearbox (DSG). No time for idling. The Caddy California is equipped with a 7-speed dual-clutch gearbox for fully automatic gear changes without any interruption in tractive force.

Arrive Safely.

The modern driver assistance systems.

So that every journey ends just as relaxed as it started, the Caddy comes with a host of driver assist systems that are capable of making preventive interventions in critical situations.

Image shown for illustrative purposes only and varies from standard specification. Caddy shown is a SWB Life variant (not available in Australia) with optional 18 Inch Alloy Wheels "Monterosso" Glossy Black, Silver Roof Rails, LED Main Headlamps with LED Separate Daytime Running Light and LED Rear Combination Lamps.

Advanced Driver Attention & Drowsiness Monitor. Uses visual and audible warning signals to recommend that the driver takes a break as soon as it registers driving behaviour that indicates fatigue. | C |

Seatbelt warning. Visual warning when the engine is started and an audible warning is emitted, if the driver's and/or passenger seatbelts are not fastened. | C |

Airbags. Driver & passenger front, side and curtain airbags provide the best possible protection in the event of head-on or side impacts. In addition 2 side curtain airbags for the second row of seats. | C |

Anti-Lock Braking System (ABS). Prevents the wheels from locking and thereby maintains manoeuvrability. | C |

Electronic Stabilisation Program (ESP). Standard feature that prevents under- and over-steering through targeted braking of the individual wheels. | C |

Electronic Differential Lock (EDL). Distributes the engine torque to the tyres without slippage. | C |

Traction Control Systems (TCS). Prevents wheels from spinning excessively. | C |

Lane Keep Assist*. Countersteers if a lane is left unintentionally while alerting the driver at the same time by using a warning tone and information in the multifunction display. | C |

Tyre pressure monitoring system. Displays the current pressure for every tyre and warns of deviations from the set pressure. | C |

Hill Hold Assist. This prevents the vehicle from rolling back on inclines, making it easier to start off on uphill slopes. | C |

Front Assist with City Emergency Braking*. Detects pedestrians, cyclists and vehicles in the direction of travel and alerts the driver to hazardous situations. If the driver doesn't react in time, the system responds with automatic emergency braking, and can even perform an evasive manoeuvre in critical driving situations. | C |

Adaptive Cruise Control (ACC)*. With follow to stop function. Helps to maintain the correct distance from the vehicle in front and drives off again after a short standstill time in traffic jams or urban traffic. | C |

Multi-Collision Braking. Triggers braking after a collision, with the aim of preventing secondary crashes, activated when two independent sensors detect an accident. After a short delay, the vehicle begins a phased braking action down to 10 km/h, during which the driver can take over at any time. | C |

Electromechanical Power Steering. The speed-dependent steering with active reset improves your driving feeling and safety and achieves steering precision. | C |

Blind Spot Monitoring with Rear Traffic Alert*. The Blind Spot Monitor with Rear Traffic Alert system supports the driver in assessing and avoiding dangerous situations, especially in critical situations, e.g. city and heavy traffic. The Blind Spot Monitor detects cars and motorcycles in the driver's blind spot and highlights these vehicles via a LED indicator in the door mirror. Rear Traffic Alert warns the driver of approaching traffic at the rear of the car when reversing via an audible warning followed by a visual message in the Optical Parking System (OPS). | C |

Rear View Camera (RVC)*.

Simplifies parking by showing a limited view of the area behind the vehicle on the display of the radio. Additional guidelines help the driver manoeuvre into the space. | C |

Front and Rear Park Distance Control (PDC). Emits audible warnings when obstacles are detected in front of or behind the vehicle when parking, and also provides a visual display of the vehicle's distance from these obstacles. | C |

Park Assist*. Park Assist aids positioning into parking spaces. When reverse is engaged, the vehicle assumes control of the steering. All that's required of the driver is to operate the pedals, whilst keeping a good lookout. | C |

Rear Cross Traffic Alert. Monitors the road at right angles to the parking space when reversing out of a parking bay, detects approaching objects and prevents imminent collisions by an automatic braking intervention. | C |

Comfort drive Travel Assist. Combines the functions of ACC, Lane Assist, and Emergency Assist for relaxed long-distance driving. | C |

Lane keeping system Lane Assist with counter steering assistance. Detects the vehicle lane by means of a multifunction camera and corrects unintentional departure from the lane as from 60 km/h by corrective counter steering. | C |

Emergency Assist. Reduces the risks if the driver's ability to control the vehicle is impaired. The system initially reacts to inactivity with an acoustic warning and waking jolts and subsequently initiates safe braking of the vehicle. | C |

Lane change system Side Assist. Warns about vehicles approaching from behind or that are already in the blind spot by means of an LED light in the respective exterior mirror. | C |

Rear View*. Brakes automatically when driving into and out of parking spaces if the Park Distance Control sensors or the rear radar detect an obstacle. | C |

Standard Optional extra | C | Caddy

Find your accessories

Volkswagen Genuine Accessories ensures your Volkswagen remains 100% Volkswagen. The extensive range of Caddy Genuine Accessories provides you with the opportunity to adapt your Caddy even more precisely to your individual needs. From exterior and interior to transport solutions that perfectly complement your Volkswagen.

01 Roof racks (load limit 70kg). The genuine roof racks provide the base for all roof attachments and are aerodynamically designed to suit the Caddy.

02 Roof box. The genuine roof racks provide the base for all roof attachments and are aerodynamically designed to suit the Caddy.

03 Surfboard carrier. Easily secure the surfboard to the carrier and genuine roof racks.

04 Ski and snowboard carrier. The genuine roof racks provide the base for all roof attachments and are aerodynamically designed to suit the Caddy.

Overseas models are shown for illustrative purposes only. Optional accessories at extra cost. Please note that the above accessories may have an effect on fuel efficiency. Items such as sports equipment and tablets are shown for illustration purposes only and are not available for purchase from Volkswagen Group Australia or its Dealers. For a full range of Volkswagen Genuine Accessories, please refer to the accessories tab at www.volkswagen.com.au or visit an authorised Volkswagen Dealer.

05 Bike carrier. Lightweight bicycle rack, designed to be attached to the genuine roof racks.

06 Tablet holder. The Volkswagen innovative Travel & Comfort system has a basic module that is simply fixed between the front seat headrest mountings and can be used with various tablet holder attachments which brings comfort and convenience to any journey. Please contact your local Volkswagen dealer for compatible device.

07 Coat hanger. Meet your business needs. The Volkswagen coat hanger provides crease-free transport of your clothing with a removable function as well.

08 Bag hook. The Volkswagen folding table with built-in cup holder is especially useful on long journeys and offers the rear passengers a practical surface with height and angle adjustment.

Overseas models are shown for illustrative purposes only. Optional accessories at extra cost. Please note that the above accessories may have an effect on fuel efficiency. Items such as sports equipment and tablets are shown for illustration purposes only and are not available for purchase from Volkswagen Group Australia or its Dealers. For a full range of Volkswagen Genuine Accessories, please refer to the accessories tab at www.volkswagen.com.au or visit an authorised Volkswagen Dealer.

09 Luggage compartment liner. The robust and durable boot liner with Caddy lettering easily keeps your luggage compartment clean.

10 Luggage compartment tray. With one high-quality velour side and one non-slip side. Helps keep the original luggage compartment area clean.

11 Luggage reversible floor covering. Easily secure the surfboard to the carrier and genuine roof racks.

12 Luggage net. Create order in the luggage compartment of your Caddy. Ensure that small and medium-sized objects stay where they are meant to with the Volkswagen Genuine luggage net, preventing loose objects from flying around in the luggage compartment.

13 Loading sill in stainless steel effect. The loading sill protection in stainless steel finish provides instant, stylish protection for an even more premium look to your vehicle.

14 Loading sill in black grained look. The loading sill protection in black grain look provides instant, stylish protection for an even more premium look to your vehicle.

Overseas models are shown for illustrative purposes only. Optional accessories at extra cost. Please note that the above accessories may have an effect on fuel efficiency. Items such as sports equipment and tablets are shown for illustration purposes only and are not available for purchase from Volkswagen Group Australia or its Dealers. For a full range of Volkswagen Genuine Accessories, please refer to the accessories tab at www.volkswagen.com.au or visit an authorised Volkswagen Dealer.

15 Universal traffic recorder. For added protection the Caddy can be fitted with the Volkswagen Universal Traffic Recorder, a front and rear view camera that allows you to record any incidents onto a removable SD card. You have total control over all camera settings via the UTR Volkswagen App*, which also includes a car finder feature. And the best thing is, the device requires no battery or recharging.

16 Door sill protection film. A detail which is both sensible and functional to protect the heavily used door sills in the front and rear entrance areas against scratches and damage.

17 Sunblind set. The sunblind set can be used as optimal sun protection, as well as for thermal insulation – without impairing traffic safety. It can be used when the windows are closed as well as when they are open.

18 Mudflaps. Protect the underbody and sides of the vehicle from stone chipping and dirt.

19 All-weather rubber floor mats. Keeping the footwell clean all year round. The perfectly fitting and durable floor mat set with Caddy lettering on the front mats are attached to the vehicle floor using the integrated fastening system to prevent slipping.

Overseas models are shown for illustrative purposes only. Optional accessories at extra cost. Please note that the above accessories may have an effect on fuel efficiency. Items such as sports equipment and tablets are shown for illustration purposes only and are not available for purchase from Volkswagen Group Australia or its Dealers. Full vehicle specifications are available at www.volkswagen.com.au

^The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information.

**Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

Weights and Capacities

Weights	Caddy TSI220 DSG	Caddy TDI320 DSG
Gross Vehicle Weight (GVM), kg	2,350	2,450
Unladen Mass, kg	1,648	1,722
Payload, kg	702	728
Front / Rear axle load limit, kg	1,150 / 1,150	1,220 / 1,150
Roof Load, kg	100	100
Towing Capacity, kg#		
Braked	1,500	1,500
Unbraked	750	750
Towbar Load Limit, kg	75	75

Full vehicle specifications are available at www.volkswagen.com.au

1. The Unladen Mass (UM) includes 10L of fuel, vehicle fluids and no occupants. Figures quoted are for base model vehicles only.

2. Payload figures determined by subtracting 'Unladen Weight' from total 'Gross Vehicle Mass' (GVM). A vehicle's final payload, given the different configurations, can only be determined by weighing the individual vehicle and comparing to the known GVM. Figures quoted are for base model vehicles only.

#When fitted with Volkswagen Genuine Tow Bar. Towing capacities are applicable to Volkswagen Genuine Accessory Tow Bar. Towing capacity figures are maximum figures and actual towing capacity depends on factors including the laden mass of the vehicle, driving conditions and fitment of any accessories. Volkswagen Group Australia does not endorse or will not be held liable for any claim, loss or damage arising from the use or fitment of electronic trailer brakes.

5 years Unlimited Kilometre Warranty

At Volkswagen, we pride ourselves on the highest quality standards that come with German engineering.

We back this commitment with a 5 year unlimited kilometre warranty on all new Volkswagen vehicles¹.

1 year Roadside Assist

Every new Volkswagen comes with a 1 year Roadside Assist membership².

That's 24 hour roadside assistance, emergency accommodation, car rental and towing as well as property and other assistance, all included for added peace of mind.

Volkswagen Care Plans

Volkswagen Care Plans³ have you covered for your first 3 or 5 scheduled services, providing you savings off the total Assured Service Pricing RRP across a wide range of models. It's convenient, hassle-free scheduled servicing easily available for purchase at your local Volkswagen Dealer.

Assured Service Pricing

Assured Service Pricing⁴ gives you the comfort to know the cost of your first 5 scheduled services, when servicing your vehicle at any authorised Volkswagen dealership.

Our Volkswagen dealers have access to the latest diagnostic equipment and tools. Plus, they use Volkswagen Genuine Parts[®] to ensure your Volkswagen stays a Volkswagen.

1. Conditions and exclusions apply, see <https://www.volkswagen.com.au/en/owners-service/warranty.html>. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them.

2. Volkswagen Assist (Roadside Assistance) Conditions and exclusions apply, see <https://www.volkswagen.com.au/en/owners-service/service-repairs-parts/roadside-assist.html>.

3. Volkswagen Care Plans are available for purchase online or from participating Volkswagen Dealers for eligible vehicles. Care Plans cover standard items included in each scheduled service. For information on service intervals and when Care Plans can be purchased please visit <https://www.volkswagen.com.au/en/owners-service/service-repairs-parts/care-plans.html>. Exclusions, model specific intervals, and full program terms and conditions apply.

4. Volkswagen Assured Service Pricing is current as at the date the customer obtains a price from the Volkswagen Service Pricing Guide or from a participating authorised Volkswagen dealer and is subject to change without notice. Customers are advised to confirm current pricing on the Volkswagen Service Pricing Guide or with an authorised Volkswagen dealer on the day of each scheduled service. Volkswagen Assured Service Pricing applies to the cost of standard items in each of the first 5 standard scheduled services of your vehicle. Exclusions and conditions apply. For more details on service intervals, the eligible models, pricing, items not included and for full terms and conditions, please see <https://www.volkswagen.com.au/app/locals/service-pricing-guide>. Volkswagen Australia reserves the right to at any time modify or discontinue the Volkswagen Assured Service Pricing program.

Volkswagen Choice[^]

Guarantee the minimum future value of your Volkswagen

Naturally we understand that your Volkswagen represents a valuable investment, so we understand that you want to maintain it in premium condition. Volkswagen Choice[^] is a finance program tailored to the requirements of Volkswagen owners by providing assurance around your Volkswagen's future value[^], whilst offering simple monthly instalment financing options.

Whether you are selecting your new Volkswagen for business or personal use, you can choose the contract term that best suits your requirements. Enjoy the confidence that comes from having locked in a minimum value up front to be attributed to your vehicle at the end of your contract[^]. There are also no account keeping fees with a fixed interest rate.

[^]Volkswagen Choice has a Guaranteed Future Value (GFV) which is the minimum value of your vehicle at the end of your finance contract as determined by VFS. If you decide to return your car to VFS at the end of your term, VFS will pay you the agreed GFV, which will be put against your final payment subject to fair wear and tear conditions and agreed kilometres being met. At the end of your term, you can elect to (1) trade-in; (2) return; or (3) retain the vehicle by paying the GFV owed to VFS at the end of the loan term after all repayments have been made. You will be liable for any loan contract deficit and additional charges apply if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition. Fleet, government, rental buyers, hire car and chauffeur companies excluded. To see if this product is right for you, please see our Target Market Determination on our website.
